

By request

Odense, 11 June 2024

Dear customer,

### **REACH - EU Legislation for dealing with chemicals (Regulation No. 1907/2006)**

Alcobra GmbH thank you for your enquiry concerning the EU Legislation, REACH, and we are pleased to inform you the following:

- According to the REACH articles 3.3. and 3.33 the sole role of Alcobra GmbH refers to being an “Importer of Articles” or a distributor, since we are not a manufacturer nor an importer of chemical substances.
- Alcobra GmbH sells products containing chemicals substances, which must be registered according to REACH articles 7.1-5. However, the requirement of registration does no longer apply here, as the substances already has been registered by our European suppliers or importers. Please see article 7.6 in the regulation for further questioning.
- In accordance with the articles 34 and 37 of the regulation, we fully acknowledge our obligations as a distributor to inform our customers, if they have purchased an article with SVHC by labelling the receipt.
- The main business of Alcobra GmbH regarding brass products/materials does not consist any “Substances of Very High Concern” (SVHC). But this does not apply for the following brass types: CW510L, CW511L, CW601N, CW602N, CW603N, CW607N, CW608N, CW612N, CW614N, CW617N, CW618N, CW620N CW625N CW626N, CW710R, CW713R, CW715R, CW724R and CC762S those brass types have a content of lead (Pb) above the SVHC limit. The alloys CW510L, CW511L and CC762S only contains up to 0,2% lead, so they can be REACH compliant if requested in advance.

Please do not hesitate to contact us, if you need any additional clarification of this REACH declaration from our site.

Best regards,

Christian Skjold Højgaard  
Quality Engineer
